

# MASPETH INDUSTRIAL BUSINESS ASSOCIATION

**The Maspeth Industrial Business Association Industrial (MIBA)**, a project of the Business Outreach Center Network, provides a collective voice in advocating the needs and interests of industrial and manufacturing businesses in Maspeth. MIBA promotes the development and retention of these businesses and connects them with resources and opportunities to maximize their competitive advantage in the marketplace.

MIBA provides a wide range of specialized services such as helping businesses to access tax credits and incentives, develop their workforce, perform energy upgrades, obtain financing, find real estate, navigate government regulations, become M/WBE certified, and address physical infrastructure and maintenance issues.

Whether it's advocating on your behalf on issues that affect your business, providing networking events and up-to-date information on local issues and resources, or receiving specialized services such as accessing tax credits and incentives, MIBA can help your business unlock its potential for growth.

*But we can't do it alone – join us as a member to ensure the needs of industrial and manufacturing businesses are met, making Maspeth a better and more rewarding place to do business.*

As a MIBA member, you will enjoy benefits such as:

- Preferred business services
- Listing on MIBA's online Business Directory with the option to be identified on Google Maps and increase your search ranking
- Free networking events
- Free workshops aimed at improving your business and the Maspeth area
- Free newsletters highlighting new programs, services, and upcoming events
- Email and fax alerts regarding specific business opportunities and updates on local issues

To join, fill out and return the membership application below. For more information about membership or MIBA's services contact
